VIEWERS FILE A FAVORABLE ROAD REPORT

The report of the viewers on the Monessen-Webster road has been filed with the court. This step in the legal proceedings was completed Saturday. A. Martin, who owns a small strip of land through which the road is to pass and who claimed it would damage him $25,000 was unsuccessful in his attempt to block the road. All the property owners along the route signed releases of damage, but Martin refused all overtures to cooperate and held out for big damages. The board of viewers was composed of A. M. Dick, of West Newton, W. H. Mattawes, of Ligonier and Luke Lonergan, of Greensburg. After going over the route with a committee of citizens from Webster and Monessen, the necessity for the road was not questioned and there was a general feeling that the road should be built at once. The viewers expressed themselves as favorable to the proposition but Mr. Martin demanded a public hearing as is provided by law. It was granted and the day set and the court house designated as the place. It was necessary to gather together a committee of citizens from along the river and Rostraver township and march them to Greensburg to hear what Mr. Martin had to say. Testimony was carefuly taken, legal counsel was employed on both sides and after the viewers went over all the evidence carefully they reported to court that Mr. Martin was not damaged one cent.

Since the sentiment is so overwhelming in favor of the road and the many property owners along the line are willing to forfeit all claims for damages, it is not at all likely that this single case will be considered very seriously with either the courts or a jury and it is believed that from now on matters will move along smoothly until this road becomes a reality.

Burglar Forces Jewels From Woman

Saturday night a masked burglar entered the home of Guy Gilmore, a wealthy coke operator of Uniontown and forced Mrs. Gilmore, who was alone, to give him $2,000 worth of jewels. Entering the room through a window he held a revolver to her face and made his demands. She was made walk up stairs, secure the family jewelry and place them in his hand, after which he took a diamond ring off her finger.

IMPRESSIVE SERVICE IN CHERNEY'S MEMORY

The largest audience ever in the Baptist church heard the Memorial and missionary sermon preached Sunday evening by Rev. A. T. Wallace in respect for Rev. J. A. Cherney, a former pastor of that church who gave up his life in the mission field of China, having been claimed by that dread disease—smallpox.

The choir and audience sang a number of Rev. Cherney's old favorite hymns; among which were: "He Leadeth Me," "Jesus Pilot Me" and Crown Him Lord of All."

Rev. Wallace talked along the theme of "Greater love hath no man than this, that he lay down his life for another."

He spoke of the highest plane of man's greatness, picturing Christ's life on earth; the fact that he died in ignominy shows that His aim or plane was not fame, and that He labored among the lowly, that He did not desire distinction. Rev. Wallace drew his lines very beautifully and touchingly, and spoke in the most feeling manner of his dear, departed brother, classmate and friend, Rev. Cherney.

Referring to his character as a man and as a Christian from actual knowledge and personal contact, he told of his utter unselfishness and kindness of heart, being ever ready to administer help where he found it needed, and always earnest and enthusiastic in his efforts toward the cause of missions and the good work relative thereto.

Rev. Wallace spoke tenderly of the lovable and unselfish disposition shown by Mrs. Cherney in this, possibly the saddest hours of her life: of her unswerving devotion to her work and that of her beloved companion, and the brave determination to carry on the work from the point where he laid it down. He eulogized this brave little woman in her determination to go on and on and bring up her boy in the fear of the Lord and the same love of his father for the great and unbounded mission field.

At the close it was decided that the church prepare and forward to Mrs. Cherney a cablegram of condolence and in view of the fact a special offering was taken and $24.00 was received. After the expense of the cablegram is deducted the remainder will be applied to the mission fund. Rev. Wallace's discourse was a masterful production and delivered in such a kindly and sympahic way as to bring tears to almost every eye.

NOODLES FAGAN, NEWSBOY-BUSINESS MAN IS IN TOWN

Noodles Fagan, who was warmly received in Pittsburg, is in Monessen today. Politeness, honesty and hustle are the three prime requisites of the successful newsboy. So says "Noodles" Fagan, the famous newsboy, who appears at the Olympic theatre this week in a clean cut vaudeville act. To this advice he adds the injunction. "Don't miss one school session, don't drink, don't chew, keep your hands clean, keep your character clean."

If he follows that advice he won't go wrong. "Noodles" says the right time to make a man is when he is a boy, and that is right.

Every boy has a profound respect for "Noodles," who rose from the Bowery of New York to a successful young man. "Noodles" songs are as charming as himself.

Who "Noodles" is and what he has done would fill a bulky volume. Here are just a few of his achievements. He has addressed all the high school boys in many cities in this

LOCAL POLISH PEOPLE CELEBRATE AT STAR

Yesterday afternoon the St. Kasmir society of this place celebrated an act that gave them greater constitutional freedom as Polish citizens from the rule of the Czar of Russia. About 140 years ago their country was divided between three of the powers of Europe and finally in the latter part of the eighteenth century, the people were granted a few more liberties and yesterday's celebration was in honor of that occasion. Many visiting delegations were present from surrounding towns and a big parade was held at noon, after which the meeting was called in the Star theatre, where speeches were made and a commemorative program carried out.

SUNDAY WAS VERY QUIET AT POLICE HEADQUARTERS

Saturday and Sunday were two of the most quiet days which the local police department has experienced for some time. Only three prisoners were on deck this morning when the Burgess showed up for the hearings and these were all charged with being drunk and disorderly. This condition of affairs is in quite a contrast to what has been the case for the past few weeks when every Saturday and Sunday the police have been called upon to make raids and gather in disturbers of the peace. This condition of affairs according to a prominent business man, "speaks well for both the police force and their efforts to stamp out lawlessness, and the efforts of the law abiding citizens in keeping in check their more noisy neighbors."

Webster Man in the Toils

Frank Simons, of Webster, is lodged in the borough jail on a charge of pointing firearms, preferred by Ralph Brainbridge, also of Webster. The two, it is alleged, got into a slight altercation on Friday evening of last week and came to blows. Later it is alleged that Bainbridge drew a knife and attempted to slash Simons and in order to protect himself, it is said he secured a revolver and threatened to use it. It is said friends parted the two and on a warrant sworn out later, Simons was arrested. The hearing is set for today.

OPENING OF CHURCH LEAGUE THIS EVENING

This evening another attempt will be made to open the 1912 season of the Church League. Last Tuesday's game was one which was not counted and it can hardly be reckoned as a opening game. On Thursday and Friday, Jupiter Pluvius "butted in" and spoilt all chances or any of the other teams to play.

This evening's game, which will be between the Methodists and Presbyterians, will be called at 6:15 and promises to be a more bitter arugment than was at first thought. Practically the same lineups will be presented by both teams and the batteries will be the same Johnson and Derby for the Methodists, and Watt and Underwood for the Presbyterians.

Chief of Umpires William Riley has appointed his staff which consists of the following persons, none of whom will participate as players in any games during the season. Charles Shuttery, Carrol Bolig, Dr. Kelly and Nelson McNeil. To these five men have been assigned the duty of running the games and it lies in their power to suspend players for any infraction of the rules. Any ungentlemanly conduct, back remarks or improper language will draw a suspension and two suspensions means expulsion from the league.

From now until the close of the season a full account of all Church League games will be found in the sporing columns of the paper and any notes, scores or comments must be handed in at this office before 9 o'clock in the morning to insure publication the same day.

Firemen's Special Services

The special services last night at the Presbyterian church was well attended, the members of the Volunteer Fire Co., being out in full force, about thirty being present. The house was well filled, the special music was exceptionally fine and the talk by Rev. MacDonald was such as to be instructive and beneficial to all who heed and put the precepts into actual everyday practice.

HORACE GREELEY IS OUTDONE

Joaquin Miller Is Believed to Be the World's Champion at Illegible Writing.

Old-time printers are never tired of telling weird stories of the unreadable handwriting of Horace Greeley. In modern times it has been said that the "copy" of Mr. William Winter was a task to worry even the smartest compositors, but it is said that the champion illegible writer is Joaquin Miller, the "Poet of the Sierras." It is related that some time ago the secretary of a well known club in San Francisco wrote to Joaquin Miller, asking him to take part in some celebration. In response to the secretary's letter came a four page letter from the poet, but none in the club could decipher it.

There was nothing for it but to write again to Mr. Miller stating that it could not be determined whether his letter was an acceptance or a refusal, and the secretary added, to make sure: "If you will be present on the date mentioned, will you kindly make a cross on the bottom of this letter, and return it? If it will be impossible for you to appear, kindly draw a circle."

By return mail the secretary's letter was returned to him, and at the bottom was the sign as he had been requested.

But it was absolutely impossible for anyone to tell whether the sign was meant to be a cross or a circle.

Hungry Soldier in Besieged Town of Kimberley Called the Bluff Made by Colonel Kekewich.

In some reminiscences of the late Boer war Colonel Kekewich, who so gallantly defended Kimberley for 126 days, tells the following story:

One day he was approached by a private, who asked:

"Colonel, when do you expect we are going to get something to eat?"

"Eat!" exclaimed the colonel "Did you join the army merely to get something to eat?"

"Well, that's about the size of it," replied the soldier.

"Here," said the colonel, calling an officer, "give this man something to eat, and then have him shot.'

The officer understood the joke and replied:

"All right, colonel."

The private, however, exhibited no alarm, and, turning to the officer, said:

"Boil me a ham, cap'n, stew up a couple of chickens bake two or three pounds of potatoes, fetch a gallon o beer and load yer guns! With such inducements the man who wouldn't be willing to die is a blithering idiot.'

A hearty meal was prepared for the soldier and the threatened execution never came off—Tit-Bits.

Oldest Metal.

A recent paper presented to the Royal Institution at London, in discussing the question of the metals used by the great nations of antiquity, pointed out that gold was probably the first metal known to man because it is generally found native.

The oldest metallic objects to which we can assign a probable date are thought to be those found in a royal tomb at Nagada in Egypt, supposed to have been that of King Menes. In one of the chambers were some bits of gold and a bead, a button and a fine wire of nearly pure copper. If the tomb had been properly identified these objects are at least 6,300 years old. Nearly all the ancient gold that has been examined contains silver enough to give it a light color. It was gathered by the ancients in the bed of the Pactolus and other streams of Asia Minor.—Harper's Weekly.

Scriptures in Esperanto.

Dr L. L. Zamenhof, the inventor of Esperanto, the language which he calls a "world's help," began last year the translation of the Bible into Esperanto and published the book of Genesis under the name, "La Genezo." The book received the attention of many people who had previously shown no interest in the "universal language." It was believed that the work would stop with the initial book of the Bible, but Exodus—"Elliro"—has appeared, and the assurance has been given by Zamenhof that the whole of the sacred book will be translated.

Rev. A. T. Wallace, pastor of the Baptist chuch, left last evening for Des Moines, Iowa, where he will attend the annual national convention of the Baptist churches. He expects to be gone for two weeks and his itinerary will include a trip to Savannah, Ill., where he expects to spend a few days with relatives.

Circus day at Charleroi has come and gone and outside of the usual hurry among the younger folks the occasion was uneventful. Large crowds were in attendance from Monessen and other river towns and the big main tent was amost filled to capacity at both shows. No accients have so far been repored to mar the enjoyment of the day.

HE'S THE OTHER FELLOW

A lady employed at the State Hospital for the Insane, according to the Warren Mirror, was escorting a friend through the institution and explaining to her the cause of the troubles that had sent the various patients to the hospital for treatment. Coming to a dejected man with head bowed, shoulders stooped, in fact a person who presented the very picture in despair, she inquired the cause of his insanity.

"That man was disappointed in love," explained the attendant. "He was engaged to be married, the date was set and all plans made for the wedding—at the very last minute the girl threw him over and married another man."

They passed on and soon came to a man in a straight-jacket. His arms were tied; he was writhing and twisting, yelling and screeching at the top of his voice, in fact a raving maniac. Again the visitor inquired the cause of his insanity.

"Why, that's the man who married the girl," explained the attendant. They passed on in silence.

GEORGE WASHINGTON TO GET MUCH NEEDED REST

Major George Washington, head chauffeur for the Pittsburg Steel, has been granted a two weeks' vacation during the absence of Mr. Nash. Washington made application for a much needed rest and as soon as the arrangements of Mr. Nash were made public this morning, George was apprised that his application had been received favorably and that time for the breathing spell would be granted, but without pay.

The "without pay" part of the arrangement displeases Washington very much. It seems he wants the pay as badly as he wants the vacation and Wash says, "vacation widout money aint no good to a feller." The boys around the mill declare that George has matrimonial intentions and that he expected to pull off a surprise during the two weeks' vacation.

LITTLE GIRL'S HEAD BLOWN OFF BY BOY WITH SHOT GUN

When a shot gun in the hands of Harry Black, aged 7, of Watersburg, was accidentally discharged at 9 o'clock Saturday morning, Mary Goodish, aged 5, living along the Redstone branch, between Brownsville and Uniontown, was instantly killed. Her head was almost entirely blown off. Brains, blood, parts of the skull and hair were splattered over the room and on the wall. After the accident the lad picked up the girl's body and carrying it into the yard, laid it along the fence where it was later found, he being too scared to report it. The lad was thrown clear across the room by the concussion of the gun. The little girl was a daughter of Mike Goodish, a prominent merchant.

WANTED FOUR POUNDS

Drank Water to Gain Weight

A Chicago man who wanted to join the police force drank enough water just before the examination to bring him up to the standard weight He was four pounds too light before.

This is a poor way to gain weight—George Muller, Jr., of New York City, knows a much better way. He says. "I was pale and thin for a number of years owing to poor blood. Tried several different remedies but without benefit until I came to Vinol. It is certainly the best tonic I ever bought. My appetite has returned, my weight is increasing right along and I feel at least 100 per cent. better than I have for a long time."

If you are thin and poor, Vinol will increase your weight and give you new strength. Vinol is our delicious cod liver and iron preparation without oil and is unequalled as a blood renewer and body builder, for all who are weak and run down. We guarantee it to please you—if it does not, we give back your money.

Employes to Hold Barn Dance

Tonight a dance is to be held in the large new stable just completed in East End, Pittsburgh for Spear & Co., the well known furniture people. This is one of the largest and most thoroughly up-to-date stables in the country and in honor of the opening, the employes of that concern along with their friends are to be given an old fashioned barn dance prior to its being turned over for the occupancy of Spear's many motor trucks, wagons, horses, etc., and to the strains of sweet orchestral music the lads and lassies of the city, garbed in plain, comfortable shirt waists and informal dress instead of the conventional dancing attire, will dance to and fro while music will resound and echo through hay loft, stall and manger. Delightful refreshments are to be served.

The Indian Medicine Man

was chosen by his tribe in pioneer days because of his expert knowledge in combining medicines from roots and herbs to cure disease They could conquer diseases that today baffle the most skilled physician who have spent years in the study of drugs.

From the roots and herbs of the field Lydia E. Pinkham nearly forty years ago gave to the women of the world a remedy for female ills deemed more potent and efficacious than any combination of drugs. Today Lydia E. Pinkham's Vegetable Compound is recognized the world over as the standard remedy for female ills.

A physician said that my kindeys were out of order and deciding to try Doan's Kidney Pills, I procured a supply from the Hirsch Drug Co. THINGS ALL OUGHT TO KNOW

As Christian Bible Students—The Satisfactory Proof of "Why God Permits Evil."

One of the questions which comes to nearly every thinking mind today is, "Why does God permit evil?" As we look about us in the world we observe that it is filled with sorrow and trouble, sickness and pain and every trial we could enumerate, and we cannot help wondering WHY GOD ALLOWS IT. We realize that He is almighty and that He could prevent it if He wished We read in His Word that He is more willing to do for His children than are earthly parents for theirs, and we know how much that means; yet oftentimes, it seems that those who try to do and live right have the most trouble. This question is made very clear in a book entitled, "The Divine Plan of the Ages." Every statement is backed by Scripture, and shows that while God does not sanction evil HE HAS ALLOWED SIN AND DEATH TO REIGN FOR THESE LONG SIX THOUSAND YEARS. This and many other subjects of deep interest to all of God's people are discussed fully and in language easy of comprehension.

PROFITABLE DAILY TITHING.

"Daily Heavenly Manna."

This little book is having the largest circulation of any of its kind and is conceded by Christians everywhere to be the most helpful.

If Christians allow the rush and crush of selfish ambition to deprive them of their daily portion of heavenly food, they must not be surprised if they grow spiritually leaner day by day, and if the peace of God gives place in their hearts to the discontent which is growing in the world, notwithstanding the multiplication of our comforts and privileges.

Daily Heavenly Manna contains a collection of Scripture texts with appropriate quotations for every day in the year. Surely the little tithe of time daily spent in partaking of its morsels of heavenly counsel cannot fail to profit all who partake. It is published to do good—not for profit.

Your Friends' Birth Dates.

An autograph and birthday record feature in this book is a great convenience. Opposite each day of the year are blank lines upon which you can secure the autographs of your friends and be reminded of their birthdays as they occur. This makes the book more valuable yearly. In ten years you would not sell it for ten dollars.

Besides it has a place for Birth Records, Marriage Records and Death Records. Also it has a table showing the day of the week of any date for one hundred and fifty years.

Printed on bond writing paper, blue cloth, handsome. Price, 35 cents postpaid; imitation alligator skin, gold edges, $1.00 postpaid. Order now. Bible and Tract Society, 17 Hicks Street, Brooklyn, N. Y.

Comedy of Corn.

"Say, you know how fastidious Briggs is?"

"Yes."

"Well, he gets wild whenever the Maitland girl, she's his fiancee, eats corn off the cob. She found out how he felt about it, and the other evening at dinner at the club she tried to cut the corn from the cob Briggs noticed this and smiled approvingly, but just then her knife slipped, the cob popped nimbly onto Briggs' shirt-bosom, the plate skidded, the gravy bowl went over and all the cut off kernels showered themselves dangerously near the gorgeous corsage of that very stout Mrs. Singleton Mink."

"And what did Briggs do?"

"Say, Briggs was game. He called the waiter, handed him the cob, and said, 'Francois, this corn popped from the plate just now. I didn't order popcorn. Bring the other sort, Francois, and make it cobless, please.'"

CHARLEROI WANTS A BASEBALL TRAIN

Charleroi folk are ever ready to grasp a good thing when seen even if they don't seem to have many good things come on their side of the river. Perfectly natural though and they can't be blamed for it. Recognizing the advantagious facilities of a great railroad system such as the New York Central lines passing through Monessen they have started an active movement among baseball patrons to have the P. & L. E. train leaving Pittsburg at 6:25 p. m. stop at the bridge so Charleroi people attending the big ball games can get home in good time. The Mail says the trains on the P. R. R. are either too late or too early. To show the enterprise of all the big interests directly or indirectly identified or associated with Monessen, Traveling Passenger Agent Hepplewhite of the P & L. E. system of the great New York Central lines was in Charleroi Saturday getting in touch with the "fans" and of course every encouragement was given and that only too gladly as Charleroi people are only too glad to find a convenient way to get out of and back again into their isolated village without having to wait a half day or a day unnecessarily in the city of dirt and smoke. So it has about been decided to have the P & L. E. evening train stop at the bridge and erect a stairway leading up to the street car line. Another advantage is patronizing a really "great" railroad system, running directly through really "great" towns at "a cheaper rate." Says Saturday's Mail:

"This road still has the flat rate of two cents a mile and regular patrons by buying trip tickets from McKeesport to and from Pittsburg can get a trip rate of 6 cents by train from the bridge to Pittsburg. The noon and evening trains are fast ones and a quicker trip can be made than by street car. In view of the visit of Mr. White to investigate, the baseball fans are hopeful that the service will be installed It is understood that Mr. Thompson will confer with the bridge and street railway people relative to the proposed service."

PAGE TEAM GOES DOWN TO DEFEAT ON SATURDAY

Saturday afternoon at Page park the Page A. A. team went down to defeat in their second full game of the season at the hands of the Beltzhoover A. C. of Pittsburgh by a score of 2 to 0. The locals were completly at the mercy of the visiting pitcher, Thomas who served up a sort of a dope ball that the locals could not fathom. Hogg for Page pitched gilt edged ball but was not given the sticking support by his team mates that they are usually capable of. Love and Moran for the visitors both played well while Hogg did the best batting for the locals. The nearest Page came to scoring was in the 7th inning when with second and third occupied, Ryan, went to bat in place of Shupe and drove a long liner into left field which was captured by McCullough. This ended the inning.

Page showed a great deal of improvement in Saturday's game over their previous games and with a little more practice they will make some of the best teams in the Western Pennsylvania circuit hustle.

Evidently a Diplomat.

A courtier taking leave of Louis XIV., who was sending him as an ambassador to a foreign court, was told by the king: "My most important instruction for you is to pursue a policy entirely different from that of your predecessor." "Sire," said the diplomatist, "I will endeavor to do so, that your majesty may not repeat the advice to my successor."

How to Get a Change.

When it is impossible to move a convalescent into different surroundings for the sake of a change, move the furniture and pictures of the room into different places. An invalid often tires of seeing the same pictures and ornaments in the same places week after week. Change the position of the furnishings, and it will seem almost like moving into another room.

and other countries on how to live clean and right. He has met the royalty of Europe, including Alfonso of Spain, and the late King Edward, of England.

He was granted a conference January 18th with President Taft at the White House. After the introduction the President said:

"Mr. Fagan, I am glad to know you. Your work for the poor children will not be soon effaced. I want to thank you for your great work."

He has spoken to 300,000 women in California on woman's suffrage.

He has raised $150,000 to aid in the fight to stamp out Tuberculosis.

"Noodles" Fagan has established 12 newsboys' bands and 15 newsboys' homes and associations.

All of this work "Noodles" has done absolutely without pay.

For the special entertainment of the children of this city and the rest of the interested public the Daily Independent has arranged to have "Noodles" give a free lecture tomorrow afternoon at 4 o'clock in the Olympic theatre on the subject, "Travels of the World."

The lecture will be illustrated by moving pictures and "Noodles" will give in his characteristic manner some of his experiences in foreign parts.

As a lecturer "Noodles" has appeared on the platforms of leading churches and Y. M. C. A. halls all over the world, frequently being called upon to deliver his lecture to school children.

He has spoken in all the churches in the principal cities of the country. He carries letters from Martin Brumbaugh, of Philadelphia, Dr. Maxwell, of New York, Judge Lindsey and leading instructors of America.

Ten thousand heard him at Washington; five thousand at Roanoke, and five thousand at Pittsburg last week. Three million people hear him talk yearly.

"Noodles" lectures and talks to children because of the fact that a few years ago he was a newsboy.

It is not strange that "Noodles" loves the newsboys and seeks to warn them against the evils that encompass them. He has organized more than 100 newsboys' benevolent associations. "Noodles" believes in strong muscles and has been the organizer of many training clubs among the newsboys. He was the originator of the "Speak Kindly Club" an organization unique and far reaching among newsboys. "Noodles" believes that a boy can sell papers as well with a clean face as with a dirty one and he is a great advocate of soap and water.

Tuesday night every newsboy in the city will be the guest of the Daily Independent at the Olympic theatre when "Noodles" Fagan will appear.

"Noodles will meet the boys at the office of the Independent Tuesday and march to the Olympic.

The newsboys will occupy special seats on the stage after seeing the show. There will be a newsboys carvinal, same as was held at Madison Square garden—contests—Monkadoo, sparrow—fun boxing—wrestling newspaper yelling extra. This will take place on the stage, entire audience will stay and see the fun.

This lecture is free and the Independent invites every body to attend.

INFLUX OF SOUTHERN PRODUCE BRINGS DOWN PRICES

That Monessen folk will this week be treated to a treat in the way of a fall in the prices of products such as berries, pineapples, cabbage etc., is assured by the produce bulletins of the city. It is estimated that between 60 and 70 car loads of strawberries arrived in Pittsburg today, and since each car contains about 450 crates of 24 quarts each, it means about 650,000 quarts for one day's distribution. About 60 cars of pineapples will arrive for distribution—about 500,000 all told. 50 cars of cabbage will arrive today from Mississippi, Alabama, North and South Carolina and Virginia. Hence prices of living will begin to come down.
